E-Mail: thomas.urban@logivations.com

Julia Scholz
Sales Director
(E-commerce)

Magazino GmbH develops and builds intelligent, mobile robots that can perceive their environment, make their own decisions and grasp objects. The autonomous robots work in parallel to humans and make processes in the areas of e-commerce, fashion and production logistics more flexible and efficient. With 130 employees at its Munich site, Magazino is one of the largest advanced robotics teams in Europe.

Website: www.magazino.eu

E-Mail: scholz@magazino.eu

David Keller
Managing Director

With the expertise of an external logistics planner and consultant, **P+L Hoffbauer** has been developing and implementing technologically sophisticated, modern system and process solutions for intralogistics and the entire supply chain for 30 years - manufacturer-neutral and exclusively committed to the interests of our customers.

Website: www.plhoffbauer.de

E-Mail: d.keller@pl-hoffbauer.de

Dr. Christoph Plapp
Managing Director

Pixel Robotics uses an optical AI system to create a real-time digital twin of intralogistics. This data helps to optimize processes, automate tasks, prevent errors and accidents. Paired with the LEAN robot Pixel PT, pallet transports are automated flexibly and cost-effectively.
