OUR CO-EXHIBITORS

Fruit Logistica 2025 in Berlin, Germany (Hall 21, Booth C-30)

Digital and IT solutions

Michael Vogel
CEO

Evy Solutions revolutionizes document analysis in logistics with its own AI. With Evy Xpact, we offer an AI for the fully automated processing and analysis of documents. Our self-developed AI for text analysis, which simplifies work processes: documents are separated, classified, read out and, if required, validated, indexed, transferred to your existing IT system.

Ben Nicolai
Founders Associate

ZeKju is a Munich-based startup focusing on reinventing the communication infrastructure for supply chain and logistics companies. Founded by industry experts, ZeKju enables truck drivers to use their favorite messengers, like WhatsApp, Telegram or Viber, to exchange transport-related data and is therefore simplifying transport communication.

Logistics Service Provider

Anja Sylvester
CEO

LandLogistik links existing loading capacities of passenger and freight transport to create a new logistics offering. We advise our customers through on-site communication, participation, and the establishment of networks. With our digital platform CargoSurfer, we create transparency and thus achieve efficient utilization of existing capacities. This strengthens regional economic cycles, sustainability, and local supply in rural areas.

Packaging Solutions

Benedikt Bußmann
CEO

For over 30 years, [KAROPACK](https://karopack.com) has been pioneering sustainable packaging by turning waste paper and cardboard into eco-friendly, cost-effective protective packaging. Our mission goes beyond just producing packaging; we aim to create an intelligent, circular system that reduces waste, lowers costs, and benefits both our clients and the environment.
