## OUR CO-EXHIBITORS

TransLogistica in Warsaw, Poland 2025 (Hall 1, Booth K16)

### Digital and IT solutions

**Achim Danner**  
CEO

**e-kurier.net** is an innovative European freight exchange for courier companies with a focus on a partnership-based cooperation and high quality. By combining technology, efficiency and environmental awareness, the platform offers contemporary solutions for the increasing demands on courier services.

Website: <https://www.e-kurier.net/de>

E-Mail: [danner@hierl-mueller.de](mailto:danner@hierl-mueller.de)

**Justus Münnighoff**  
Customer Advisor

**KONVOI** has developed the first preventive security solution for truck trailers. Their sensor technology detects suspicious people behavior before theft attempts and can raise the alarm at an early stage. With increased response time and transparency, they help carriers with own vehicles to protect valuable freight in cross-border routes.

Website: <https://www.konvoi.eu/>

E-Mail: [justus.munnighoff@konvoi.eu](mailto:justus.munnighoff@konvoi.eu)

**Norman Seib**  
Sales Director

**Mobile Easykey** – Efficiency. Safety. Cost Control.

Since 1998, Mobile Easykey has delivered comprehensive fleet management made in Germany for intralogistics. Combining Analytics, Data and Software, the manufacturer-independent, modular system is tailored to your needs – ensuring greater efficiency, enhanced safety, and sustainable cost control.

Website: <https://www.mobileeasykey.de/>

E-Mail: [norman.seib@mobileeasykey.de](mailto:norman.seib@mobileeasykey.de)

## Digital and IT solutions

**Dennis Maschmeyer**  
CEO

**Pacurion** is the leading digital platform for load carriers and transport packaging (pallets, boxes, containers & more). With 600+ verified suppliers in 17 countries and AI-based tenders & instant purchases, they cut process and product costs by up to 73% and 25%.

Website: <https://www.pacurion.com/en>  
E-Mail: [dennis.maschmeyer@pacurion.com](mailto:dennis.maschmeyer@pacurion.com)

**David Keller**  
CEO

With the expertise of an external logistics planner and consultant, **P+L Hoffbauer** has been developing and successfully implementing technologically sophisticated, state-of-the-art system and process solutions for intralogistics and the entire supply chain for 30 years - manufacturer-neutral and exclusively committed to the interests of their customers.

Website: <https://www.plhoffbauer.de/>  
E-Mail: [d.keller@pl-hoffbauer.de](mailto:d.keller@pl-hoffbauer.de)

**Michael Bott**  
Head of Sales

**Rail-Flow** offers a digital Transport Management Platform and marketplace solutions for rail freight and intermodal transport, covering end to end processes from procurement, sales and tendering to contracts, orders, execution and invoicing. Modules can be used standalone or fully integrated to simplify and streamline rail logistics.

Website: <https://www.rail-flow.com/>  
E-Mail: [m.bott@rail-flow.com](mailto:m.bott@rail-flow.com)

**Tamim Fannoush**  
Geschäftsführer

**Samawat** specializes in global logistics, focusing on Oil & Gas, Energy, and Aid shipments. With a presence in Libya, the company actively supports humanitarian efforts in the region. What sets Samawat apart is its commitment to innovation. More than just a logistics service provider, Samawat is a pioneer in the industry. They offer AI driven tools for logistics companies, bespoke and designed by our logistics experts, for logistics professionals.

Website: <https://www.samawat.eu/>  
E-Mail: [tf@samawat.eu](mailto:tf@samawat.eu)

**Andreas Trägner**  
Sales Manager

**Solvares Logistics** provides software and services to optimize transport operations: LP2 (TMS) for end-to-end control, Opheo for AI-driven route planning & telematics, and Freight Audit for cost transparency. They help shippers cut costs, boost service and deliver real-time visibility.

Website: <https://solvares.com/>  
E-Mail: [andreas.traegner@solvares.com](mailto:andreas.traegner@solvares.com)

## IT Solutions for Process Optimization

Total Logistik

**Georg Seitz**  
Head of IT

**Total Logistik** offers a unified API connecting TMS to all major European freight exchanges. Their platform enables automated freight posting, instant booking, and Closed User Groups for secure, efficient, and seamless digital logistics integration.

Website: [total-logistik.de](https://total-logistik.de)  
E-Mail: [it@total-logistik.de](mailto:it@total-logistik.de)
